

## DIABETIC?

### FINALLY GOOD NEWS FOR ALL DIABETICS

A woman (65) was diabetic for the last 20+ years and was taking insulin twice a day, she used the enclosed homemade medicine for a fortnight and **now she is absolutely free of diabetes** and taking all her food as normal including sweets.

The doctors have advised her to stop insulin and any other blood sugar controlling drugs. I request you all please circulate the email below to as many people as you can and let them take the maximum benefit from it.

#### AS RECEIVED :

DR. TONY ALMEIDA ( Bombay Kidney Speciality expert ) made the extensive experiments with perseverance and patience and discovered a successful treatment for diabetes.

Nowadays a lot of people, old men & women in particular suffer a lot due to Diabetes.

#### Ingredients:

- 1 - Wheat flour 100 gm
- 2 - Gum (of tree) (gondh) 100 gm
- 3 - Barley 100 gm
- 4 - Black Seeds (kalunji) 100 gm

**Method of Preparation:** Put all the above ingredients in 5 cups of water. Boil it for 10 minutes. Allow it to cool down by itself.

When it has become cold, filter out the seeds and preserve the water in a glass jug or bottle.

#### How to use it?

Take one small cup of this water every day early morning when your stomach is empty.

Continue this for 7 days. Next week repeat the same but on alternate days. With these 2 weeks of treatment you will wonder to see that you have become normal and can eat normal food without problem.
