

Wireless Camera Hunter (Model: WCS-99X-II)

THAT SCANS, DETECTS WIRELESS HIDDEN CAMERA AND ALSO DISPLAYS VIDEO (WITH AUDIO)

Handheld Wireless Camera Detector (with Built-in Audio and Video Scanner)

Our all new Wireless Camera Hunter quickly and easily **finds single or multiple hidden wireless cameras** and lets you see what they see and hear what they hear. The 2.5" color TFT high resolution monitor displays the video image while the LCD window shows the exact frequency of transmission. Automatically scans all the commonly used video frequencies in less than 5 seconds and **"locks-in" on any video or audio transmitter** and sounds an audible alert tone. Selectable antenna sensitivity allows **"lock-in" on sources up to 500 of feet away** (depending on power of source transmitter). Durable all metal case.

Special Offer: RM2,950 per unit. Buy 10 FREE 1

- ▶▶▶ **Option to Purchase:** (for your own testing and verification: video and voice)
World smallest, Wireless Color Pinhole Camera with voice (1020MHz) @ RM350 (Normal Price @ RM788)
